NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2006

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

Organization - The Company, a wholly-owned subsidiary of RMST Holding Company, Inc., was incorporated in the state of Florida on April 16, 1999. The Company is registered with the Securities and Exchange Commission and the Commodity Futures Trading Commission and is a member of the National Association of Securities Dealers, Inc. and the National Futures Association. The Company's principal business activity is the sale of securities.

Securities Owned - Marketable securities are valued at market value and securities not readily marketable are valued at fair value as determined by the Board of Directors. The resulting difference between cost and market value (or fair value) is included in income.

Securities Transactions - Securities transactions of the Company, including commission revenue and related expense, are recorded on a trade date basis, which is the same business day as the transaction date.

Cash Equivalents - Cash equivalents are defined as certificates of deposit and U.S. government obligations with an original maturity date, when acquired by the Company, of less than 90 days, and those securities registered under the Investment Company Act of 1940 which are comprised of cash and other short-term debt instruments and commonly referred to as "money market funds."

Concentration of Risk - Substantially all the Company's cash is on deposit at one financial institution and the balance at times may exceed the federally insured limit. Due to the strong credit rating of this financial institution, the Company believes it is not exposed to any significant credit risk to cash.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2006

NOTE 2 - OFF-BALANCE-SHEET RISK AND CLEARING AGREEMENT

The Company enters into various transactions involving derivatives and other off-balance sheet financial instruments. These financial instruments include listed options, mortgage-backed to-be-announced securities (TBA's) and securities purchased and sold on a when-issued basis (when-issued securities). These derivative financial instruments are used to meet the needs of customers, conduct trading activities and manage risks and are, therefore, subject to varying degrees of market and credit risk. Derivative transactions are entered into for trading purposes or to economically hedge other positions or transactions.

TBA's and when-issued securities provide for the delayed delivery of the underlying instrument. As a writer (seller) of options, the Company and its customers receive a premium in exchange for giving the counterparty the right to buy or sell the security at a future date at a contracted price. The contractual or notational amount related to these financial instruments reflects the volume and activity and do not reflect the amounts of risk. The credit risk for TBA's, options and when-issued securities is limited to the unrealized market valuation gains recorded in the statement of financial condition. Market risk is substantially dependent upon the value of the underlying financial instruments and is affected by market forces such as volatility and changes in interest and foreign exchange rates.

In addition, the Company sells securities that it does not currently own and will therefore be obligated to purchase such securities at a future date. The Company records these obligations in the financial statements at market values of the related securities and will incur a loss if the market value of the securities increases subsequent to the financial statement date.

In order to facilitate the aforementioned transactions, as well as other transactions, the Company maintains an agreement with another broker/dealer (Clearing Broker/dealer) whereby the Company forwards (introduces) customer

securities transactions to the Clearing Broker/dealer, fully disclosing the customer name and other information. The processing and, if applicable, any financing pertaining to the introduced securities transactions are performed by the Clearing Broker/dealer. The customer account is therefore maintained and recorded in the books and records of the Clearing Broker/dealer on the Company's behalf. In consideration for introducing customers to the Clearing Broker/dealer, the Company receives commissions and other consideration, less the processing and other charges of the Clearing Broker/dealer. As part of the terms of the agreement between the Company and the Clearing Broker/dealer, the Company is held responsible for any losses arising when the customers introduced by the Company to the Clearing Broker/dealer fail to meet their contractual commitments pertaining to the purchase, sale and possible financing of securities transactions. The Company may therefore be exposed to off-balance-sheet risk in the event the customer is unable to fulfill its contracted obligations and it is necessary for the Clearing Broker/dealer to purchase or sell the securities at a loss. The Company's exposure to risk would consist of the amount of the loss realized and any additional expenses incurred pertaining to the transaction or other customer activity.

The initial term of the aforementioned agreement was three years, which began in September, 2003. Under terms of the agreement the Company is prohibited from using other clearing broker/dealers for securities transactions unless written consent is given by the Clearing Broker/dealer and is required to maintain \$50,000 deposit with Clearing broker/dealer. Also, included in the agreement are monthly minimum charges.

NOTE 3 - S CORPORATION

Both the Company and the Parent have elected S Corporation status for federal income tax purposes. Income taxes are therefore the responsibility of the individual shareholders of the Parent.

As a registered broker/dealer and member of the National Association of Securities Dealers, Inc. and the National Futures Association, the Company is subject to the Uniform Net Capital Rule and CFTC Regulation 1.17(A)(1)(ii), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 1500%. At September 30, 2006 the Company's net capital and required net capital were \$481,668 and \$100,000 respectively. The ratio of aggregate indebtedness to net capital was 41%.

NOTE 5 - OTHER COMMITMENTS

In addition, the Company will match 50% of employee contributions up to 6% of their compensation. The plan covers substantially all employees age 19 years or older. R.M. STARK & CO., INC.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2006

NOTE 8 - RELATED PARTIES - *(Continued)*

Expenses incurred pursuant to an agreement between the Parent and a shareholder of RSC totaled \$489,645. \$47,119 was owed to RSC at September 30, 2006. Also, the Company used furniture and equipment of the Parent for which they have not been charged.

An officer of the Company provided office space for the Company during the year and is owed \$25,000 at September 30, 2006.

NOTE 9 - CONTINGENCY

Three individuals and one estate have initiated legal arbitration with the National Association of Securities Dealers, Inc. (NASD) against the Company, alleging a failure to supervise a former registered representative of the Company. Because none of the claimants ever had an account with the Company and all losses occurred after the termination of the registered representative's registration with the Company, the Company is vigorously contesting this case. Legal counsel cannot estimate the probability of an unfavorable outcome or the amount of potential loss to the Company.

NOTE 10 - NOTE RECEIVABLE

The Company has issued a note to a registered representative of the Company in the amount of \$30,000. The remaining balance at September 30, 2006 was \$17,611.

The Company has also established, with the same representative, a revolving line of credit in the amount of \$30,000. The outstanding balance on this line at September 30, 2006 was \$0.
